

Name: _____

Period: _____

ALWtW Vocab Squares

Directions: Complete the following vocabulary squares using the words given in class. The words can also be found on Schoology. You may use any five words from the list that you choose.

1. Make sure you write your name and class period above.
2. Use the definitions provided to you.
3. You must write an **original** sentence (one that comes from your head — not the internet).
 - a. Pay attention to the part of speech when using the word in a sentence!
 - b. Make sure you capitalize and punctuate!
4. You may look up synonyms online. I recommend using thesaurus.com.
5. For the illustrations, you do not need to be an artist! Try your best; I'm looking to see effort. Your illustrations can be from the scene in *A Long Walk to Water*, based on your sentences, or something else entirely!

When you are finished, hand this in. If you do not finish in class, it is your responsibility to complete and submit the squares.
